**Re: (1) 2016 United Nations International Day of Peace, Request to Recognize;
(2) Promote World Peace for The Benefit of the USA.**

Dear Mr. President,

Throughout your Presidency, you have honored your promise to listen to and dialogue with all world leaders, including those with different governing structures and ideological backgrounds. Your commitment to opening relations with Cuba and working with Iran to eliminate their nuclear program illustrates your courageous vision for a world where diplomacy has a seat at the table of peace.

As a Nobel Peace Prize recipient, we, the Global Health Promotion United Association (GHPUA), humbly request that you enhance your Nobel legacy, becoming the first President of the United States by officially recognize the United Nations International Day of Peace celebrated annually on September 21st, and promoting the Guang Huan Mi Zong (GHMZ) Esoteric Health Dharma Program which could truly benefit people, including world peace.

You will be interested in knowing that on September 21 2015, one billion people across the world celebrated the United Nations International Day of Peace! The people have spoken but governments have not responded. It is highly possible that the lack of response is caused by having no proper answer on how to contribute to world peace.

Since the first day of its establishment, GHPUA, a charitable organization, strives to achieve an ideal state of Human Health, World Peace and Religious Harmony by promoting global health and wholeness from a Buddhism perspective. We believe practicing the GHMZ Esoteric Health Dharma Program is the best way to achieve world peace. This unique health technique was created by Holy Master Ziguang Shang Shi. In the last three decades, millions of people have proven that GHMZ dharma technique has significant effects upon eliminating physical and mental diseases, attaining balance and inner peace, developing spiritual enlightenment, and more. Over 80% of practioners can dramatically relieve or even recover from various kinds of illnesses including cancers, heart diseases, hypertension, diabetes, stroke, headache, rhinitis, arthritis, depression, and Parkinson's disease and more. Through practicing GHMZ Esoteric Health Dharma, peace and health can be regained.

Decades of experience has built us confidence that the Guang Huan Mi Zong Esoteric Health Dharma Program is the most powerful weapon of human being to obtain peace and health, and

lower the soaringly high cost of health and medical insurance. It helps to ascertain the United States to maintain the position of the most powerful country in the world.

Since its inception in 1981, no President, Democratic or Republican, has officially recognized the United Nations International Day of Peace. This is your opportunity to inspire the American people to celebrate the idea that peace can be more than a universal hope. This single day is meant to be a seed that can be planted within all hearts, citizens of the United States and global citizens alike, to nurture this most basic of human rights.

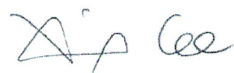

Global Health Promotion United Association promotes the great philosophy of Holy Master Ziguang Shang Shi, which is "World Peace, Human Health, and Religious Harmony", and facilitates the world to achieve an ideal state of Human Health, World Peace and Religious Harmony. Please join these actions with many organizations and individuals that are working every day to build the infrastructures and pathways to peace. Our collaboration is an important effort to help lay the groundwork for achieving peace in our lifetimes.

Mr. President, this is a historic opportunity. Please recognize the International Day of Peace, and facilitate the promotion of the philosophy of "World Peace, Human Health and Religious Harmony" and the GHMZ Esoteric Health Dharma Program in the United States. Unite your legacies as Nobel Laureate with that of a visionary President of United States of America to again make history.

We thank you for your lifetime of service to the American people.

Most Respectfully,

For and on behalf of
Global Health Promotion United Association Inc.
